

BIG RED is one of our mid-sized stage trucks, with a 8m x 7.5m stage with PA wings. It is perfect for community festivals, mid-size concerts and promotional activations.

Both the front and back of the stage opens, providing a variety of visual options including branded backdrops, digital screens and iconic views.

It is a fully equipped, self-contained stage with a high quality sound and lighting system and professional, experienced crew.

There are also a range of great branding opportunities on this stage truck, including backdrop, side, top, and skirt banners. **Ask about our banner production service** to capitalise on your exposure, and promote your event & sponsors.

Our standard package includes:

- ✓ State of the art, high tech, hydraulic staging system
- ✓ All essential gear needed for large bands and performance groups, including monitors, a range of vocal and instrument microphones, leads and stands, DI boxes, etc
- ✓ Professional quality Front-of-House PA system and stage lighting equipment
- ✓ Sound technician, lighting technician and stage hand for the duration of the event
- ✓ Moveable drum riser, two 3x3m pop-up marquees - for technical control and performer holding area, eight crowd control barriers, five cable trays and two 25m 3phase cables
- ✓ Media feeds for TV or radio broadcasts if required
- ✓ Individual residual current devices (safety switches) for each of the 6 power circuits
- ✓ \$20m public liability & WHS Compliant, Engineers certificate
