

# GIG RIG

# mobile Stage truck.com.au

**GIG RIG** is our smaller, 6 x 5m stage truck, perfect for intimate concerts, parties, community events, and as a support stage at larger events. It has a fixed 2.1m drum riser at the centre back of stage, so is set up for bands more so than large dance groups. The back of Gig Rig doesn't open, but has easy attachment points for banners.

It is a fully equipped, self-contained stage with a high quality sound and lighting system and professional, experienced crew.

There are also a range of great branding opportunities on this stage truck, including backdrop, side, and skirt banners. **Ask about our banner production service** to capitalise on your exposure, and promote your event & sponsors.

#### Our standard package includes:

- ✓ State of the art, high tech, hydraulic staging system
- ✓ All essential gear needed for large bands and performance groups, including monitors, a range of vocal and instrument microphones, leads and stands, DI boxes, etc
- ✓ Professional quality Front-of-House PA system and stage lighting equipment
- ✓ Sound technician, lighting technician and stage hand for the duration of the event
- ✓ Fixed drum riser, 3x3m pop-up marquee - for technical control, six crowd control barriers, five cable trays and a 25m 3phase cable
- ✓ Media feeds for TV or radio broadcasts if required
- ✓ Individual residual current devices (safety switches)
- ✓ \$20m public liability & WHS Compliant, Engineers certificate
